O R D E R

On October 2, 1990, the Commission issued its Order in Case No. 90-041 approving certain adjustments in rates and providing under certain conditions for the further adjustment of such rates on a quarterly basis in accordance with the provisions of the gas cost adjustment ("GCA") clause set forth therein.

On October 30, 1992, The Union Light, Heat and Power Company ("ULH&P") filed its quarterly GCA to be effective December 1, 1992 and which is to remain in effect until March 1, 1993.

After reviewing the record in this case and being otherwise sufficiently advised, the Commission finds that:

1. ULH&P's notice of October 30, 1992 set out certain revisions in rates which ULH&P proposed to place into effect, said rates being designed to pass on to its customers the expected wholesale increase in gas costs from its suppliers in the amount of 50.9 cents per Mcf including take-or-pay billings. ULH&P's expected gas cost ("EGC") is \$3.925 per Mcf, which includes a take-or-pay recovery component of 1.8 cents per Mcf.

2. ULH&P's notice set out no current quarter refund adjustment. The total refund adjustment of .4 cents per Mcf is a previous adjustment.

3. ULH&P's notice set out a current quarter actual adjustment in the amount of 20.5 cents per Mcf to compensate for previous under-recovery of gas cost through the operation of its gas cost recovery procedure during the months of June, July, and August 1992. ULH&P proposed a total actual adjustment in the amount of (22.9) cents per Mcf to reflect the current undercollection as well as under- and overcollections from three previous quarters.

4. ULH&P's notice set out a current quarter balancing adjustment in the amount of 1.1 cents per Mcf to reconcile variances from previous actual, refund, and balance adjustments. The total balance adjustment of 4.0 cents per Mcf reflects the current as well as the three previous balance adjustments.

5. The combined effect of the above adjustments is ULH&P's gas cost recovery rate in the amount of \$3.732 per Mcf, which is an increase of 59.7 cents per Mcf from the previously authorized rate.

6. ULH&P's adjustment in rates contained in the Appendix to this Order, pursuant to the GCA provisions approved by the Commission in its Order in Case No. 90-041 dated October 2, 1990, is fair, just, and reasonable, in the public interest, and should be effective with bills rendered on and after December 1, 1992.

IT IS THEREFORE ORDERED that:

1. The rates in the Appendix, attached hereto and incorporated herein, are fair, just, and reasonable and are authorized to be effective with bills rendered on and after December 1, 1992.

2. Within 30 days of the date of this Order, ULH&P shall file with this Commission its revised tariffs setting out the rates authorized herein.

Done at Frankfort, Kentucky, this 25th day of November, 1992.
